ELA Soundness Policy Covered

Story Meet Loretta Lynn, a 15.3 hand 1350 lb Belgian/quarter horse mare I have owned since last summer. Loretta is also broke to ride. She has taken many riders on trail rides in the mountains. She spent six months last fall with a family with 5 children who loved her but did not ride her ...

Description

ELA Soundness Policy: Covered

Meet Loretta Lynn, a 15.3 hand 1350 lb Belgian/quarter horse mare I have owned since last summer. Loretta is also broke to ride. She has taken many riders on trail rides in the mountains. She spent six months last fall with a family with 5 children who loved her but did not ride her very much. She has been moving cows and checking many miles of fence the last several months. No buck or running off. She is a quiet steady mount who is easy to saddle, ride and will stand tied all day. Good with her feet and will be packing a new set of shoes by sale day. Had a full dental by a certified equine dentist in Oct. 2020 confirming her age. And that she has a good mouth with no issues. Body balance adjustment in December 2020 with no long term issues found. Loads hauls and unloads great. Easy to catch and loves her treats. Don't miss out on this big fancy draft cross mare with the flaxen mane and tail bred to a blue roan stud. You have a wonderful riding horse with a beautiful baby in the spring.
