Description

ELA Soundness Policy: Covered

Jack was a pasture pet for most of his life, being pulled out for an occasional ride. Two years ago, I took him and started really teaching him. He rides nicely out on trail rides in the mountains and on the beach. (he can be ridden bareback or in a saddle) He does only have one eye and he was born this way, that is one of the reasons he doesn't have papers, however he does come from great AQHA bloodlines! They were confirmation horses. I've started him western, he knows his leg aids and moves away from pressure. I believe he could go any direction. This handsome horse is ready for his next adventure!!
