Lot 40

Jasper

Approx 12 year old

Black Mini -Pony Stallion

Approx 38 in

Jasper has just been a PET, used to let the grand kids ride around with gramps leading him. Was said to be cart trained when younger but we never have tried to drive him ( we didn't have a cart)

He is a great little guy. Has just been out on pasture with llamas and cattle

The kids gave him a hair cut Parents were just really happy they cut his hair and not the neighbors girls long long golden curls That might have cause a neighbor war..Kids with scissors are deadly

He would make a great little gelding and make your grandkids the happiest little cowpokes around

Selling with his saddle and saddle pad
