Description

ELA Soundness Policy: Covered

Dusty is a really mellow minded trail horse she is 18 years of an age but is still green. Doesn't necessarily need an experienced rider but somebody that has ridden more than a handful of times. Dusty has no buck in her whatsoever. She just sat in a pasture for a long time before we got her and started riding her. I have drug logs around, took her to the beach and out on trails and she's done great. Recently have had her teeth done. Dusty stands great for the farrier and stands great to be saddled and tied. Her only real vices that she does get a little bit buddy sour other than that she's a really decent horse. Dusty would make your family a great trail horse or take her home and use her.. She is selling sound any questions please call me 541-892-3461

Quantity: 1
