**ELA Soundness Policy:** Covered

Here is a great opportunity to own a beautiful, unique colored seasoned trail horse. Stetson is as smooth as they come and gaits perfectly with any rider. He has great confirmation and good solid feet that don't need shoes. He has been rode extensively out on the trails, up in the mountains and even on the beach. Stetson is light in the bridle, responsive and will gait all day long. He has wonderful ground manners: clips, bathes, ties, and trailers good. This is a very versatile gelding that could be shown or trail rode. He has no problem riding with dogs and will lead or follow in a group.

**Quantity:** 1
