ELA Soundness Policy: As Is

Meet Steve, a real looker with his flashy dun color and stout working quarter horse build. Steve is a 14.3 hand 1000 lb sound quarter horse gelding with good straight legs and hard feet. Steve has spent the last 14 years with the same family as a hunting/packing and trail horse. Before that he loved the arena. Roping and moving cattle was his deal. He is currently being conditioned and could easily do that again. Steve has had a vet check with a clean bill of health and a negative Coggins. He has had a full dental by an equine dentist in August 2021 verifying his age of 18 years young and confirmed he has a good mouth with a full set of teeth. Also had a body balance/chiropractic adjustment in July 2021 with a follow up appointment in August 2021. Body and health wise he is ready to go.. Steve is a true blue bridle horse with all the buttons. One handed neck rein, moves off leg, soft tucked stop. He has it all and get up and go when asked also. He is best suited to a confident intermediate or above as he is very broke and sensitive to his cues. If you ask him to do it, he will with gusto. A super fun broke horse to ride. Walks out with the big horses and can really cover some country. No buck even after long periods of time off. Had not been ridden in almost a year and saddled right up and rode off. Plenty of let's go do something, but no running off or foolishness. Loads great and hauls well. Backs out soft and quiet. Excellent with his feet and is packing a new set of shoes. Can go barefoot with no problems also. Will stand tied all day but will get impatient on occasion and paw but gives it up when he sees that it gets him nowhere. Current

on 5 way vaccination and dewormed with Ivomec. 7 day sand clear treatment in July 2021. Steve is an awesome broke gelding that would be great at most anything you ask of him. Trail, arena, cows, play days, Trail course challenges, games.... you name it he will do it and have fun. Please call or text 208-703-2614 for more info picks and videos
