ELA Soundness Policy: As Is

Molly is a 5 year old sorrel, grade Appaloosa mare that stands 15'2 hands tall. Molly has been used on the trails and for arena work. She has been lightly started on the barrel pattern and trots/lopes a nice set. Molly is very easy to get along with and I've never had an issues with her. She loads, ties,bathes, stands for the farrier, and is good to be shod and clips. Molly is sure footed and does pretty much it all. She walks,trots, and lopes nicely at a loose rein. She has been to a few play days and has excelled in her training on all of those patterns. She does well on the trails and is a lot of fun to go swimming with. You can swing a rope off of her and I have roped the dummy as well. She has been in the box but never tracked the dummy or roped live cattle. She is a great mare and would be an amazing OHSET horse or all around prospect.
