LOT C508 - Circle Y flex tree

Description

Circle Y Flex tree, Alabama Trailer Gaiter saddle. This is a wonderfully comfortable well made saddle. 16" seat, QH bar, 7" gullet, with good shoulder flair. Super soft leather, squishy padded seat. Round skirt, nice barb wire tooling. Fancy conchos, long saddle strings, crupper ring, and easy change bleivins buckles.

I have used it on everything from my Tenn walker, to my fatty QH.

Saddle does have some scrapes, and scratches, as its been a trail saddle. but nothing that affect usability.

I'm only selling it because I bought my dream circle Y saddle in black and hubby says I cant ride them all.

Quantity: 1
