ELA Soundness Policy Covered

Breed Yes

Story Doubletrees April in Paris "Paris" is an approximately 16 hand, 14 year old registered Saddlebred mare best suited to the huntseat and western divisions of competition. Paris has approximately 10 years of professional training invested in her. Paris has competed the past 5 years in huntseat very successfully with many wins in class A and open breed horse shows.

Description

ELA Soundness Policy: Covered

Doubletrees April in Paris "Paris" is an approximately 16 hand, 14 year old registered Saddlebred mare best suited to the huntseat and western divisions of competition. Paris has approximately 10 years of professional training invested in her. Paris has competed the past 5 years in huntseat very successfully with many wins in class A and open breed horse shows. Has been ridden western but never shown western. Paris was also recently evaluated by a jumping trainer who after 30 minutes had her going over small jumps and trotting poles which was Paris's first time seeing anything of the sort. Paris has never had any soundness issues and no vices such as cribbing or kicking in her stall. Very easy to be on the ground with, and will cross tie for hours quietly. Paris easily clips, bathes, stands for the farrier (just don't do hot shoes on her), loads, and hauls with no issues. Paris is currently barefoot as I usually give their feet a break from shoes over the winter. Truly a beautiful riding companion that will get you noticed in competitions and will bring home all the pretty ribbons. Current on shots. Paris will come with a weeks worth of her grain to allow the buyer to switch her to their feed, one winter blanket, and her satin show sheet. Paris is an easy keeper.

Quantity: 1
