Cookie is one heck of a pony mare! We have had this pony her whole life, she was halter broke and broke to ride by our little girl and has had the right mindset and willingness to learn the whole way through. Cookie walks trots and lopes with out being pedaled, she has a great stop, back up and is even starting to side pass. She has ZERO BITE, BUCK OR KICK, she loads in the trailer stands quiet at the post and is good to trim. Our daughter takes her for rides down the canal bank solo she rides out by herself or follows in a group, she has been used to rope the dummy off of and been ponied by a big horse. She is good with dogs, pigs, tarps and plays with the big ball. There aren't enough words for how awesome this pony is! She is not sour in anyway and would make an amazing fit for any kiddo looking for a pony they can grow confidence with. FMI 2085392206 or go to Hutchings Quarter Horses for video
