**ELA Soundness Policy:** Covered

This sorrel weanling filly is as cute as a button. She is halter broke, and easy going and should mature to right around 15 hands. She's been easy to handle and halter break, she has a good mind, she pushes the calves around the corals. She sits down and rolls back, she can move quick and very athletic and we think she's going to make a nice riding/using horse for someone. She's ranch bred, from an outfit in eastern Oregon where they run out in the steep rough country and learn their footing. She's by a half draft/half qh stud out of a stocky little red roan qh mare. She stands tied, leads, loads, and hauls well. Sells 100% sound and ready to go.

**Quantity:** 1
