ELA Soundness Policy: As Is

Blaze is an awesome old man that's done a bit of everything. 24yrs per vet. 15:1-2hh. He's a been there, done that, will do most anything guy. Previous owners did years of 4-H & Equestrian team on him. He goes English or western, works cattle, done breakaway, gaming, trails etc. My kids have ridden him on many trails, pushed cows, played ladder ball off him, done trail obstacles, crosses the creeks, played around on poles, used him for a jungle gym, and basically just had a fun time with him. He is gentle, loves people, not much bothers him. Rides in bit, or hack, neck reins, and has some buttons if you know how to ask. Been ridden double, down the roads, ponied. The only thing we have found he's not good at is doing the dishes. We haven't had any health issues with him, he is as-is because of his age, but is sound for his age. Wormed with equimax in sept. 4way last spring.
