ELA Soundness Policy As Is

Story Denny is a registered American Mule Association 20 year old 15 hand quarterhorse type john mule. He is a been there, done that mule who has been shown successfully at the highest level at Bishop Mule Days. You will be hard pressed to find a more broke mule than Denny. He has a 10 lope ...

Description

ELA Soundness Policy: As Is

Denny is a registered American Mule Association 20 year old 15 hand quarterhorse type john mule. He is a been there, done that mule who has been shown successfully at the highest level at Bishop Mule Days. You will be hard pressed to find a more broke mule than Denny. He has a 10 lope and jog and rides steady in the bridle. Denny has been used a lot in the mountains and is a strong steady mount for any size rider. He does have some very manageable arthritis in his front but still has many useful years of riding left and most days you would never even know its there. We do have x-rays and vet recommendations for management. If you are looking for a solid trail mule or a steady schoolmaster, don't pass Denny up. Only available because we have too many mules and don't have time to ride him. Denny has a current Coggins test drawn in mid March and is ready to travel.

Quantity: 1
