AQHA 3 year old gelding. 15 hands, May be eligible for APHA as well, he has a white belly. I bought this colt as a project for a young lady that rides at my barn. She had 14-15 rides on him last spring, no silly business, just a nice willing colt. We turned him out to grow and mature. She was going to ride him this fall and winter but she is a senior in high school and is boy crazy, so that is not happening. This colt is too nice to be sitting around, he is always kind and tries hard to please you. Clips, ties, loads, hauls, bathes, all the things a good horse should do. Up to date on worming, vaccinations, and hoof care.
