ELA Soundness Policy: Covered

Registered: No

Frosty is the cutest pony around. He's a palomino with a silver mane and tail and flashy white polka dots all over his little body. He stands around 40" tall (10 hands/Shetland pony size) and is as thick as a little brick house. He's around 13-15 years old and gentle gentle gentle for absolutely anyone to handle. He loves kids, is safe, and loves to be loved on. He's been used as a lead line pony behind moms horse and is gentle enough for a kiddo with a little horse knowledge to ride out on their own. He travels all over the ranch and keeps up with the big horses all day on the cattle drive. Throw ropes off him, take him swimming, do back flips and play around, he won't take advantage of his rider. Frosty sells 100% sound and sane in every way. Call (509)850-7856 for any info at all.
