She tired to get through a gate into the geldings paddock next to hers and cut her right forearm requiring stitches. Which has brought me to realize she needs to be placed where gun fire isn't common or as frequent. Selling Zarina due to her fear of gun shots. I live in a area where neighbors constantly set up targets and shoot rifles for hours. My other horse have gotten sued to it but Zarina just gets to upset from it. She got boosters at the time of injury with 7 way. woodyhappyacres@yahoo.com
