an awesome rope or barrel horse or use him on the ranch! He will excel in any direction you choose to take him! He has the mind to be an all around family horse too. Has been in town and the mountains, nothing phases him. Ties quiet, bathes and trims easily. Easy to fly spray, deworm, catch. Loads and hauls, there's not much this guy won't do easy. Has been saddled and bridled and is a pro at both. Ground drives as well. He's ready to be started in the spring. Has a scar on his left cannon bone from a scrape as a weanling, does not effect soundness. UTD coggins, health cert, vaccines, deworming, teeth and trim. I'm happy to answer any questions about him!
