Breed GRADE - Not Registered

Story Jack rides in the arena or on the trail. You can haul him out and ride him solo, or ride him out in a group. Leads or follows. Has been taught to side pass up to objects/mounting block for easy mounting. Has given walk/trot lessons to beginner riders and would make a good husband's horse. Very easy keeper, good for bathing, clipping, tying, farrier, loads good. Can be ridden in just a neck rope. Currently has a pair of front shoes as I ride in the mountains a lot, does not need shoes for regular work. Leave him out for months and he's the same horse when you pull him in.
