Story Cosmo is a 15 year old 15.0 hand grey quarter horse gelding. This 1175 lb gelding can pack plus size riders. He has good bone and a lot of foot. Cosmo is a thick shapely made gelding that has lots of experience as a ranch horse. He is good to rope off of and has a lot of cow. And is really broke to ride. Cosmo is a gentle gentle gelding that is very willing to do anything you ask of him. While riding him on the trail he got stung by a bunch of bees and didn't buck, rear, or bolt but took care of his rider. Cosmo loads and unloads with ease without issue. He is a great trail horse also he loves going through trees, brush, tall grass and crosses water no matter how wide the stream is.....
