**Breed** APHA

**Sire** Iron Enterprise

**Dam** Art I A Rox Star

**Story** "Iron Moves" aka Jordan, own daughter of "Iron Enterprise" (3x AQHA High Point Champion) This 5 year old mare is as sweet as they come, she is goofy and has one heck of a personality. Standing at 16hh, she is stout and big boned! When being ridden she is very athletic with a big stop, ties, bathes, stands for the farrier, and hauls well! Only real quirk is she can be people shy, just really depends on the person! Add her to your broodmare herd as Jordan is not selling 100% sound but with the right person putting more time in rehab to become sound, I consider her to be about 85% sound as ...

"Iron Moves" aka Jordan, own daughter of "Iron Enterprise" (3x AQHA High Point Champion) This 5 year old mare is as sweet as they come, she is goofy and has one heck of a personality. Standing at 16hh, she is stout

and big boned! When being ridden she is very athletic with a big stop, ties, bathes, stands for the farrier, and hauls well! Only real quirk is she can be people shy, just really depends on the person! Add her to your broodmare herd as Jordan is not selling 100% sound but with the right person putting more time in rehab to become sound, I consider her to be about 85% sound as she is taking less off steps and more sound steps in the right direction! She underwent surgery in March to remove a fracture to her right rear sesamoid bone! Due to this she is not conformationally "perfect" where the incisions were made and she has a pretty narley scar tissue bump on her left hind that has never affected her since I've owned her! She would make someone an awesome trail horse and light riding mare, as she loves the trails. You can be last in the pack and she won't panic what so ever! I also have the most recent videos as of 06•28•2022 & 07•28•2022 post surgery. Owner will be around the sale all day for any questions and videos.
