**OPPORTUNITY KNOCKING HERE!!!!**

**Stunning STRAIGHT EGYPTIAN 6 year old Al Khamsa ,Babson AK Mare**

**RARELY WILL YOU EVER FIND A MARE OF THIS BREEDING AT A PUBLIC AUCTION LIKE THIS**

**Here is the reason behind her being available to you today: SHE DOES NOT LIKE NURSING.**

You can milk her no problem, she will stable with her foal and other mares and foals no problem and even with ponies and their foals no problem.

She gets in foal easily. No issue there at all. The only reason she is open is the nursing issue and was not bred back by owners choice ,simple as that

She is young and you can work with her MAYBE, but her owners do not have the time nor desire to do so with their own declining health issues they are dealing with.

Therefore the decision was made to let someone else with the time and energy perhaps train her under saddle, show her or let her mature more and go from there.

She is good in a herd of other horses , good to haul and travel as she has been hauled clear across the USA. This is truly a BEAUTIFUL YOUNG MARE and should make someone a lovely performance horse with proper training and handling .She has wonderful movement and has everyone looking when they come to the ranch and they see her in the field She has produced 2 beautiful babies with no foaling problems at all.

If you know bloodlines at all there isn't much I can tell you ...Her blood is as precious as they come
