Dinero, is just as cute as they come! He is small dainty and sweet as can be. He's around 13 years old, and 36 inches tall. Dinero loves his girlfriends but also gets along and likes to date his side chicks the mini donkeys , Dinero is easy to saddle has been used for lead line events with my small children, he is very well behaved and does not act like a stallion out and about. Out in the pasture with the girls he's very respectful , he has been trying to pull a cart single and double. The neighbors kids that are a little older rode him independently and did just fine. Very good ground manners and does whatever is asked of him. He's just a good boy very sweet easy to handle. Owner is getting out of animals. Being sold with a current Coggins and health certificate.
