Tilly around 17years old grade Shetland mare about 38"tall. Tilly is great with kids, my two-year-old catches her, and leads her around, is able to groom her without any fuss. This sweet girl is broke to ride lead line ( done gymkhana and parades) and has done independent riding but she will take advantage and walk off if kids are brand new riders. ~~She is happy to walk trot all day long takes a little extra kicking to get her up into that lope. My oldest is only three so she doesn't do much other than a walk trot around here on the lead line but we have friends children that have come over and pummeled all around on her making her do all sorts of things. ~~She isn't getting any attention so needs to find a new address. Leads , ties baths saddles good for farrier , no real vices just some pony attitude towards other horses. Selling as is just due to her age. Kids hop on her bareback,

in a western saddle also she has had a harness on and started in driving. Easy to catch , nice to be around, just a good girl. Been exposed to a donkey Jack for about 4 months but not sure if he wanted to date. Please take Tilly home and give her a family to love her. Current Lee vaccinated and wormed and is being sent with a current Coggins. 707-533-3087
