Ginger, Is a well colored dun, who is very gentle and is one that is considered an "anyone can ride" mare. She is approximately 13 or 14 years old and is being sold as sound. She has lived on a big Oregon ranch, and has a "Been there, Done that, kind of attitude. Ginger has been disciplined in all phases of ranch work, and has seen her days in the roping arena but in recent years, she has been primarily a ranch horse. This sweet mare has Sturdy and strong feet with a sure foot. Along with that she is very well mannered to shoe, as well as saddling and bridling. She gets along great with other horses in the pasture and never has an issue minding her business. However while she has been turned out with studs and other horses, she has never taken to

being bred. We believe her to be spayed or sterile. With that we really cant say a bad thing about this kind hearted mare, it's just that time she needs to find her person to ride into the sunset with.
