Vegas, Is a 7yr old, grade mare who has had ambles of miles in both arena and trail settings. This girl is one you could observe forever and keep a smile on your face. She is one to wear her personality, opinion and heart right out on her sleeve. You will never have to guess how she feels because her eyes say it all. Vegas stands well for the farrier, baths and clips. Loads in and can back out of a trailer, saddles and bridles with no vices. Very courteous to children around her legs, however would recommend she did not have a novice rider due to having a lot more that she could be taught correct before getting away with habits. Vegas does go in and out of a roping box quiet, on either side of the chute. Side passes, leg pressures, neck reins and stops with ease. She has been started on barrels, and can rope a steer staying in her spot, and waits for your

que to turn off or stop. She would make a phenomenal team roping or breakaway prospect. She is always a barn favorite and catches peoples attention wherever she goes! Works with or without spurs, and is very mindful. She is going to make someone very happy! She is registered however we have misplaced her paperwork. We are still currently looking for, and can send over papers, when or if they turn up. 5417882532
