LOT 46 - Dakota - 17yr - 16HH - Gelding

ELA Soundness Policy Covered

Registered No

Breed GRADE - Not Registered

Story Dakota is a very fun horse to ride. An intermediate rider is recommended as he has a lot of energy. He is neck reigned, quick with commands and has energy for days! Great for trail riding and arena. Does well with other horses and animals. A little hesitant to catch and bridal but with calm patience and carrots he is happy to comply. He does not do well with an aggressive forceful hand. We have ridden double with our young kids on him. He is 17 years old, 16 hands, gelded. He is an extremely easy keep with hardy hooves. We typically don't shoe him but he handles a farrier well. We don't have time to commit to riding him regularly.
